Trans. from the Y. FRANCO-AMERICAN of 16th March: "Surprise, as a medicine, has had its day. Quacks, who have sold so many preparations as injurious to the health as dangerous to the taste, the smell, and even to the eyes, have been forced to make way for more honest and useful ones. The new and better ones, however, do not contain iron, calomel, antimony, or anything hurtful to the constitution."

Fall directions in the pamphlet bound in each package, which should be carefully preserved.

Each package contains a pamphlet, free of the agent.

It will insure a bottle containing over 50 pills by return mail. Sold by all druggists.

Mr. Editor: Seeing an advertisement in your paper, that the deaf might be relieved by applying to Dr. Bourne, I was induced to leave home and seek the Doctor's skill.
